Michele Smith joins Strip Club Choppers Roadhouse tour

Strip Club Choppers is pleased to announce the addition of Michele Smith for the 2010 strip club choppers roadhouse tour. Michele Smith, formally the host of "American Thunder" is an iconic figure in the motorcycle industry. Michele has changed the stereotypical image of a "Biker Chick" into "Biker Chic" by adding a bit of glamour to the biz.

Michele started out in the modeling world as a pin-up girl. Most of the jobs she did were sexy-type photos seen in motorcycle calendars, posters, catalogs and magazine covers like *Playboy*, *Muscle and Fitness*, *Swimwear USA*, *Swimwear International* and *Neue Revue*. She also appeared on the cover of *Easy Riders Roadware* clothing catalog and in too many industry magazines to list.

Michele has been riding motorcycles since 1994 when she decided to take the California Motorcycle Safety Course after she was hired as a stuntwomen for foreign film.

Michele joins the SCC Roadhouse tour with veteran Jay Barbieri, producer and on air personality of the **SPEED** channel's "American Thunder" as well as the author of the "Bikers Handbook" along with Johnny Lange founder and owner of Strip Club Choppers.
